About the Community Business Renewal Fund

The Community Business Renewal Fund will offer grants of between £10,000 and £20,000 to enable community businesses in England affected by the Covid-19 crisis to adapt, renew and rebuild their business so they can remain financially viable. The scheme is aimed at organisations delivering services in their local community to support those who have been most affected by the Covid-19 crisis. The Community Business Renewal Fund welcomes strong applications from organisations across the country. We will, however, be prioritising applicants that demonstrate they are working communities hardest hit by Covid-19, increasing the diversity in the community business sector, and supporting the growth and impact of the community business sector as a whole.

The £3million Community Business Renewal Fund is being delivered by Power to Change and Social Investment Business. The Community Business Renewal Fund provides grants of between £10,000 and £20,000.

The Renewal Fund is part of a package of support for the community business sector to recover from the Covid-19 crisis. Working with our partners, we will also be opening two match-funding programmes to support community businesses with fundraising, as well as tailored support to help communities to protect community-owned assets. Find out more about the Community Business Renewal Initiative on page 12.

The Renewal Initiative also includes a tailored support package to increase community business leader's knowledge, assist with wellbeing and equip you with the skills to boost your community business. There is more information about the capacity strengthening support and the rest of the package on page 12.

The aim of the Community Business Renewal Fund is to support your organisation to adapt and evolve to the changing circumstances, by providing an unrestricted grant that could be used to cover core staffing costs, contribute to meeting capital costs of adapting your community business and ensuring that your community business can continue to provide the vital support to local people.

Research shows that the poorest communities in England, people from BAME* backgrounds and disabled people have been disproportionately affected by Covid-19. For this reason, community businesses operating in areas with an IMD of 1-3, those led by and supporting BAME communities and those led by and supporting disabled people are a priority area for this fund'

For further information about whether this fund is the right one for you and whether you can apply, please [join our free webinar on Thursday 7 January 4-5pm](#) and read this guidance thoroughly.

* Please note we are reviewing the language we use to reflect our aim to become a more inclusive organisation.

Power to Change is the independent trust that supports community businesses in England. Endowed by the National Lottery Community Fund in 2015, we have since supported over 1000 community businesses to start, grow and make places better. www.powertochange.org.uk

Social Investment Business provides finance to create fairer communities and improve people's lives.

Since 2004, SIB has deployed and managed over £400m of loans and grants into over 2,000 organisations and enabled almost 1,000 more to get dedicated support through programmes. www.sibgroup.org.uk

Welcome

What can you apply for?

The Community Business Renewal Fund offers grants between £10,000 and £20,000. These grants will be unrestricted to provide community businesses flexibility in deciding how to respond to upcoming needs and opportunities, both for their business and for their community.

We recognise that community businesses are the experts in their field, and that they will know best on how to adapt to the current changing business landscape.

With this in mind, we are offering unrestricted grants that we anticipate being used primarily towards core costs to give organisations the capacity to respond, evolve and adapt to the challenges they are facing. To be eligible for the Community Business Renewal Fund, organisations must be able to demonstrate that they are financially resilient, with good prospects of viability for the future.

The type of things we anticipate this funding providing support with includes:

- ▶ Meeting core staffing costs which would otherwise be at risk due to the pressure on community businesses to cut costs
- ▶ Creating breathing space for your organisation, giving you time to take a step back, explore new options and focus on business planning
- ▶ Increased costs of a capital project you had planned pre-Covid.
- ▶ Contributing to capital costs of adapting your operations
- ▶ Cashflow support due to delays to your work, or to cover lost trading income

Although the grant will be unrestricted, you will need to be able to spend the funding within 12 months, and demonstrate what you spent it on.

How much should you apply for?

You can apply for a grant between £10,000 and £20,000.

We will be asking you what you intend to spend the grant on and to justify the amount you have requested.

Part One | Can you apply?

Eligibility Criteria

To be considered for the Community Business Renewal Fund, you will need to demonstrate how you meet each of the following 10 criteria:

1. Operating within England at a local / neighbourhood level

Organisations must be rooted in a particular geographical place within England. They should be delivering services locally that build on the strengths and assets of that place to address community needs.

2. Meet the four key features of a community business

Power to Change only supports existing community businesses through this scheme. [Here are some examples of a community business.](#) Under the Renewal Fund, we will fund community businesses that have the following four key features:

Are you locally rooted?

Community businesses are rooted in a particular geographical place. They build on the strengths and assets of that place to address community needs.

Are you accountable to the local community?

This can be demonstrated in many ways (e.g. membership structure, ownership, broad range of local trustees) but you must have evidence of regular community influence in decision making.

Are you trading for the benefit of the local community?

Community businesses have a clear trading model and sell services and products in and around their local area. Community businesses create benefits for the local community with their profits and through the way the business is run.

Do you have a broad community impact?

Community businesses engage with a variety of different groups in their community and deliver impact against a range of different community needs.

3. An established organisation with a track record of trading

At the time of applying, you must be an established organisation with a track record of

trading for at least two years prior to March 2020.

4. An incorporated organisation

At the time of applying, you must be an incorporated organisation. Unfortunately we are unable to support unincorporated organisations.

What is an incorporated organisation?

The Community Business Renewal Fund will only fund incorporated organisations. This means that your organisation is recognised as a legal entity in its own right, rather than as a collection of individuals.

Examples of incorporated organisations include:

- ▶ Charitable Incorporated Organisation;
- ▶ Community Benefit Society;
- ▶ Community Interest Company Limited by Guarantee / Shares;
- ▶ Company Limited by Guarantee / Shares;
- ▶ Co-operative Society.

Examples of unincorporated organisations, which we won't fund, include: charitable trusts and unincorporated associations.

Part One | Can you apply?

Eligibility Criteria

5. In a stable financial position with good prospects of viability for the future

Organisations will need to show they are well managed and had a reasonable level of financial resilience in 'usual circumstances'. They will have to evidence that they were viable before the Covid-19 crisis and were able to meet payments and debts when they became due. They will also need to display financial resilience and good prospects of viability in the future. We will be asking for information from past financial history to work out their financial position and prospects for the future.

6. Charitable purpose

You must have a charitable purpose at the heart of what you are asking us to fund, which meets charitable needs in your community.

This does not mean that you have to be a charity as we will fund a variety of legal structures, but we cannot fund activities which don't further a charitable purpose.

Power to Change will fund the following charitable purposes:

- the prevention or relief of poverty
- the advancement of education
- the advancement of health or the saving of lives

- the advancement of citizenship or community development
- the advancement of the arts, culture, heritage or science
- the advancement of environmental protection or improvement
- the relief of those in need because of youth, age, ill-health, disability, financial hardship or other disadvantage
- the relief of unemployment
- the promotion of urban and rural regeneration
- the promotion of social inclusion

We cannot support activities that promote the advancement of religion or that are party political in nature. This does not prevent faith groups from applying for funding for a community business which has a charitable purpose other than the advancement of religion.

7. For public benefit

For an organisation to be charitable, it needs to have both a charitable purpose and to be for public benefit. This means that your organisation must create benefits for a sufficient section of your community, including people who are experiencing disadvantage. If your activities are for private benefit and will only benefit a few people in your community or will only provide benefits to people who aren't experiencing disadvantage, we will not be able to support your organisation.

8. Your organisation would benefit from a grant of up to £20,000

This fund aims to help community businesses with unrestricted grants that we anticipate being used to give organisations the capacity to respond, evolve and adapt to the challenges that they are facing due to Covid-19.

9. Able to spend the funds within 12 months

As we continue to support the changing needs of the community business sector through Covid-19, we will need to evaluate how successful the Renewal Fund is. If your application is successful, we will be asking you for evidence of spend.

Eligibility Criteria

10. Subsidy Control

From the 1 January 2021 the Brexit transition period has ended and the UK is no longer required to adhere to EU State Aid rules. Instead, from the 1st January 2021 grants awarded by public bodies are subject to new rules on subsidy control. We will use the information provided within your application to ensure that we comply with obligations in relation to the award of subsidies.

WHAT DO WE MEAN BY CHARITABLE PURPOSE?

You can find more information about charitable purpose on the Charity Commission website:
<https://www.gov.uk/setting-up-charity/charitable-purposes>

WHAT DO WE MEAN BY PRIVATE BENEFIT?

Any personal benefits people receive through the community business must be no more than a necessary result or by-product of delivering public benefit. Personal benefits could include financial payments to the owners of a property that an organisation uses or membership benefits. These private benefits need to be incidental in both nature and amount. Returns from community shares are allowable. Find out more:

Our priorities

The Community Business Renewal Fund welcomes strong applications from organisations across the community business sector. We will, however, be prioritising applicants that demonstrate they are:

Operating in a community that has been hardest hit by Covid-19

We will be prioritising applications from community businesses operating in areas with Indices of Deprivation (IMD) 1-3, those led by and for Black, Asian and Minority Ethnic (BAME) communities and those led by and supporting disabled people. Research shows that the poorest communities in England, people from BAME backgrounds and disabled people have been disproportionately affected by Covid-19.

Increasing diversity in the community business sector

We will be prioritising applications from community businesses that are committed to promoting diversity on their board of trustees, amongst their leadership team and staff, volunteers and service users. We are looking for community businesses who are nurturing young people to become future leaders in the sector and unlocking local people's power to make your community a better place.

Supporting the growth and impact of the community business sector

We are interested in hearing from community businesses who are leading the way, and ensuring that community is at the heart of local recovery post-pandemic.

There are many ways that community businesses support the growth and impact of the sector, including:

- 1) Unlocking local people's power and potential,
- 2) Working closely with local authorities to influence your local economy,
- 3) Helping to address global issues - such as climate change - locally.

Round Three – 10am on Tuesday 2 and closing at 4pm on Tuesday 9 March 2021.

You can read through the questions we will be asking you in part 4 of this guidance. We advise preparing your answers in advance.

Stage 3 Decision

Decision

Our committee meets weekly and will decide whether or not to award your organisation support through this scheme. The decision panel will meet at the end of each funding round to make decisions on grant awards.

The committee's decision will be based on a range of factors, including all the eligibility criteria and the fit with our priorities.

We expect high demand for this fund and anticipate that we will only be able to take forward a small proportion of applicants to the committee. We will let you know as quickly as possible if you are not going to be taken forward, either because your organisation or request is not eligible for funding, or because you do not meet our priorities well enough or as well as others.

What happens next?

If your organisation is eligible for the Community Business Renewal Fund, Social Investment Business will aim to let you know by email within eight working days of the programme closing for applications. Unfortunately, we don't have capacity to give detailed feedback because of the volume of applications. Our decision final and if you are not eligible for support then you cannot apply again to this scheme.

We recommend you look at alternative sources of funding and support on www.mycommunity.org.uk and the National Lottery Community Fund website.

We also have a [webpage](#) signposting to funding available for organisations affected by Covid-19.
