

Power to Change: Contracts Recently Awarded in Response to Invitations to Tender

Research

In Spring 2022 we went out to the market seeking a researcher to carry out a project to identify barriers and generate solutions to marginalised community business and organisations accessing funding and support.

We have now appointed:

Spark & Co

Capacity Strengthening Open Framework

In May 2022 we went out to the market for a range of providers to deliver capability strengthening support across a range of lots on an open framework basis. Whilst the opportunity continues to be open we have so far issued a number of contracts to deliver on the Powering Up and Leading the Way programmes.
